

4 Day Healthcare Simulation Essentials by Harvard's CMS

Hosted by the ECU School of Nursing and Midwifery, Harvard's Center for Medical Simulation (CMS) will be running their flagship simulation faculty training course 'Healthcare Simulation Essentials' this June.

Featuring CMS' Debriefing with Good Judgment® and SimZones® approaches, this course prepares simulation program leaders and instructors to position simulation to solve real problems in healthcare organizations and health profession schools.

When

Tuesday 23rd June to Friday 26th June 2026

Where

Edith Cowan University, Joondalup, Perth, Western Australia

Cost

\$7,500 plus GST (AUD) per person attending
